Sonexis ConferenceManager Receives JITC Certification

Monroeville, PA - Thursday, June 02, 2011 - Sonexis Technology, Inc., a leading provider of on-premise enterprise audio conferencing platforms, is pleased to announce that ConferenceManager 10.0 has been certified by the Defense Information Systems Agency (DISA) Joint Interoperability Test Command (JITC) and is listed on the Department of Defense (DOD) Unified Capabilities (UC) Approved Products Listing (APL). The platform is certified for use with any switch on the Unified Capabilities (UC) Approved Products List (APL) that is certified interoperable within the Defense Switched Network (DSN).

The JITC-certified ConferenceManager system is a state-of-the-art audio conferencing platform engineered to deliver a highly secure audio conferencing solution for the Department of Defense. The system is compatible with all APL-listed voice switches and offers unmatched operational flexibility supporting ad-hoc and scheduled conferences as well as pre-set blast dial sessions. Highly reliable, simple to deploy, and easy to operate, ConferenceManager is based on Windows 2008 Server and Intel hardware. With an optional redundant disk and power, the system offers the latest in platform security and reliability.

“Sonexis is proud to bring our enterprise class audio conferencing solution to DISA and DoD organizations. JITC certification requires a unique set of capabilities as well as an extensive test and verification process. The security and functionality required for JITC certification strengthens our standard offering while DISA and DoD organizations now have the ability to leverage our industry leading capabilities and cost effectiveness,” said Dan Watkins, Executive Vice President for Sonexis Technology, Inc.

The certification and testing process was conducted February of 2011 by JITC’s Global Information Grid Network Test Facility, Ft. Huachuca, Arizona and sponsored by Adam McGeer from JB MDL www.jointbasemdl.af.mil. For additional information about the JITC-certified ConferenceManager solution, please visit www.sonexis.com or refer to the UC APL for official posting at the following URL: www.disa.mil/ucco
